**Booth: 304  CompHealth**
CompHealth is one of the largest healthcare staffing companies in the United States offering travel and permanent placements for therapy providers in both urban and rural settings all over the country. We work with school districts and medical facilities and our goal is always the same: to match the right job with the right provider. We do that by getting to know you and what’s most important to you.

Getting to know you ties back to our belief in putting people first. This includes our healthcare providers, our clients and our employees. This people-centric culture has been recognized by various award programs, including Staffing Industry Analyst’s “Best Staffing Firms to Work For”, Modern Healthcare’s “Best Places to Work”, and Inavero’s “Best of Staffing”. Our parent company, CHG Healthcare, has also been recognized for 9 straight years on Fortune’s list of “100 Best Companies to Work For”.

**Booth: 212  Positive Outcomes**

Positive Outcome’s sole purpose is to assist Therapists in providing the best service possible to the kids & families they serve.

With the infrastructure & support of a traditional agency, and the freedoms and benefits of being your own boss, Positive Outcomes provides a one-stop shop where we handle all the tedious, time consuming components of your job while you get to keep doing what you love.

We provide:
1. Guaranteed pay every two weeks regardless of state delays
2. Caseload assistance
3. Complete backend support (monitoring, liability insurance, authorizations, denials, etc.)

Based in Aurora, Illinois and founded by an EI Provider with over 15 years of experience, Positive Outcomes has grown to 100+ Providers, both full and part-time across the entire state. Come join us! We also offer a very generous Referral Bonus of $1,000! Ask us more about it!

**Booth: 221  Shared Voices**

The mission of Shared Voices is to create a shared community for people impacted by stuttering, through programming, resources, education, and outreach. Shared Voices’ vision is that people who stutter will speak authentically and confidently in their professional and personal lives, without fear of judgment or barriers to success.

More information: Shared Voices provides a home for people who stutter, and people impacted by stuttering, by creating a safe space and meaningful opportunities for connection. Shared Voices serves children, teens, adults, families, spouses, employers, and the greater Chicagoland community.

Less than 1% of the population stutters. It is an isolating experience. Feeling like you are unable to speak, unable to say your own name, can prevent a person from accessing one of the most important and basic human needs: personal connection.

At Shared Voices, our goal is to take what is often an isolating experience and turn that very same experience into an opportunity for shared connection. Through our programs and events, we create opportunities for people who stutter to be in community with one another, providing hope and support by sharing stories of personal struggle, challenge, encouragement, and success.

**Booth: 315  The PROMPT Institute**
PROMPT, an acronym for PROMPTS for Restructuring Oral Muscular Phonetic Targets, is a multidimensional approach to speech production disorders has come to embrace not only the well-known physical-sensory aspects of motor performance, but also its cognitive-linguistic and social-emotional aspects. PROMPT is about integrating all domains and systems towards positive communication outcome. It may be used (with varying intensity and focus) with all speech production disorders from approximately 6 months of age onward. To achieve the best outcome with PROMPT it should not be thought of or used mainly to facilitate oral-motor skills, produce individual sounds/phonemes or as an articulation program but rather as a program to develop motor skill in the development of language for interaction.

- **Website:** www.prompt.org
- **Email:** nicole@prompt.org
